<p style="text-align: center;">PROPOSAL TO AMEND SECTION 6.3 OVERALL GOALS & OBJECTIVES FOR THE MODERATE INCOME HOUSING ELEMENT OF THE PROVIDENCE CITY GENERAL PLAN 2020</p>		
Prepared by: S Bankhead		Date: 09/20/2022
<p>Amendment Description: Amend the wording of strategies listed in 6.3 of the moderate income housing element of the Providence City General Plan 2020 to be consistent with the requirements of UCA 10-9a-403(2)(b)(iii) and UCA 10-9a-403(2)(c).</p>		
<p>Abbreviations & Authority:</p> <ol style="list-style-type: none"> 1. Utah Code Annotated: UCA 2. The UCA references are summarized in this analysis. For a complete details and code requirements, please review the online Utah Code at: https://le.utah.gov/xcode/code.html 3. Municipal Land Use, Development, and Management Act: LUDMA 4. Providence City Code: PCC 5. The PCC references are summarized in this analysis. For a complete details and code requirements, please review our online city code at: https://providence.municipalcodeonline.com/book?type=ordinances#name=Preface 6. Recommendation: Planning Commission (PCC: 10-4-4:B.1) 7. Legislative body: City Council 		
<p>Findings of Fact:</p> <ol style="list-style-type: none"> 1. UCA 10-9a-401. General plan required – Content. The city is required to have a general plan for present and future needs of the city and growth and development of all or any part of the land within the City. 2. UCA 10-9a-408(1)(e). Specified municipality means a city of the fifth class with a population of 5,000 or more, if the city is located in a county of the third class. 3. UCA 10-9a-403(2)(b) requires the planning commission, of a specified city, to include an analysis of how the city will provide a realistic opportunity for the development of moderate income housing within the next five years; and a recommendation to implement three or more of the strategies listed below. 4. UCA 10-9a-403(2)(c) Requires the planning commission to establish a timeline for implementing each of the moderate income housing strategies selected by the municipality for implementation. <ol style="list-style-type: none"> a. The timeline shall identify specific measures and benchmarks for implementing each moderate income housing strategy selected; and b. Provide flexibility for the city to make adjustments as needed. 5. UCA 10-9a-408(2) requires the city to submit a written moderate income housing report to the Housing and Community Development Division within the Department of Workforce Services. The strategies identified in this report must match the phrasing of the strategy as outlined in UCA 10-9a-403(2)(b)(iii). 6. UCA 10-9a-408(5) lists the requirements for the city to qualify for priority consideration. To qualify for priority consideration, the city must select 5 or more moderate income strategies. <ol style="list-style-type: none"> a. Priority consideration allows the Transportation Commission to give priority consideration for projects within the city; and allows the Governor’s Office of Planning and Budget to give priority consideration in awarding financial grants under the COVID-19 Local Assistance Matching Grant Program. 		
<p>Conclusions of Law:</p> <ol style="list-style-type: none"> 1. The city has a general plan that was approved by Resolution 004-2020 on April 15, 2020. The 2020 plan contains a moderate income housing element. The moderate income housing element includes strategies that are phrased similar to the strategies listed in UCA 10-9a-403(2)(c), but do not contain the exact language. 2. Providence City is a city of the fifth class and Cache County is a county of the third class. Therefore, we are a “specified municipality”. 3. The planning commission needs to prepare a revision to the current moderate income housing element of the Providence City General Plan 2020 that includes, at a minimum, three of the strategies listed below. 4. The planning commission also needs to include an analysis of realistic opportunities for the development of moderate income housing over the next 5 years. 		

5. As part of the implementation plan, the planning commission needs to include a timeline identifying specific measures and benchmarks for each strategy and be flexible enough for the city to make adjustments when needed.
6. To qualify for "priority consideration," five strategies should be recommended.
7. The strategies listed in the current moderate income housing element of the 2020 General Plan are attached to this report.
8. A draft of proposed strategies using the wording in UCA 10-9a-403(2)(b)(iii), along with a proposed implementation plan and bench marks is attached to this report.

The following is the list of strategy options listed in UCA 10-9a-403(2)(b)(iii).

- (A) rezone for densities necessary to facilitate the production of moderate income housing;
- (B) demonstrate investment in the rehabilitation or expansion of infrastructure that facilitates the construction of moderate income housing;
- (C) demonstrate investment in the rehabilitation of existing uninhabitable housing stock into moderate income housing;
- (D) identify and utilize general fund subsidies or other sources of revenue to waive construction related fees that are otherwise generally imposed by the municipality for the construction or rehabilitation of moderate income housing;
- (E) create or allow for, and reduce regulations related to, internal or detached accessory dwelling units in residential zones;
- (F) zone or rezone for higher density or moderate income residential development in commercial or mixed-use zones near major transit investment corridors, commercial centers, or employment centers;
- (G) amend land use regulations to allow for higher density or new moderate income residential development in commercial or mixed-use zones near major transit investment corridors;
- (H) amend land use regulations to eliminate or reduce parking requirements for residential development where a resident is less likely to rely on the resident's own vehicle, such as residential development near major transit investment corridors or senior living facilities;
- (I) amend land use regulations to allow for single room occupancy developments;
- (J) implement zoning incentives for moderate income units in new developments;
- (K) preserve existing and new moderate income housing and subsidized units by utilizing a landlord incentive program, providing for deed restricted units through a grant program, or, notwithstanding Section 10-9a-535, establishing a housing loss mitigation fund;
- (L) reduce, waive, or eliminate impact fees related to moderate income housing;
- (M) demonstrate creation of, or participation in, a community land trust program for moderate income housing;
- (N) implement a mortgage assistance program for employees of the municipality, an employer that provides contracted services to the municipality, or any other public employer that operates within the municipality;
- (O) apply for or partner with an entity that applies for state or federal funds or tax incentives to promote the construction of moderate income housing, an entity that applies for programs offered by the Utah Housing Corporation within that agency's funding capacity, an entity that applies for affordable housing programs administered by the Department of Workforce Services, an entity that applies for affordable housing programs administered by an association of governments established by an interlocal agreement under Title 11, Chapter 13, Interlocal Cooperation Act, an entity that applies for services provided by a public housing authority to preserve and create moderate income housing, or any other entity that applies for programs or services that promote the construction or preservation of moderate income housing;
- (P) demonstrate utilization of a moderate income housing set aside from a community reinvestment agency, redevelopment agency, or community development and renewal agency to create or subsidize moderate income housing;
- (Q) create a housing and transit reinvestment zone pursuant to Title 63N, Chapter 3, Part 6, Housing and Transit Reinvestment Zone Act;
- (R) eliminate impact fees for any accessory dwelling unit that is not an internal accessory dwelling unit as defined in Section 10-9a-530;
- (S) create a program to transfer development rights for moderate income housing;
- (T) ratify a joint acquisition agreement with another local political subdivision for the purpose of combining

resources to acquire property for moderate income housing;

- (U) develop a moderate income housing project for residents who are disabled or 55 years old or older;
- (V) develop and adopt a station area plan in accordance with Section 10-9a-403.1
- (W) create or allow for, and reduce regulations related to, multifamily residential dwellings compatible in scale and form with detached single-family residential dwellings and located in walkable communities within residential or mixed-use zones; and
- (X) demonstrate implementation of any other program or strategy to address the housing needs of residents of the municipality who earn less than 80% of the area median income, including the dedication of a local funding source to moderate income housing or the adoption of a land use ordinance that requires 10% or more of new residential development in a residential zone be dedicated to moderate income housing;

6.3 – OVERALL GOALS & OBJECTIVES

The following goal, objectives, and action strategies provide a framework for addressing the concerns and opportunities for Moderate Income Housing. The overall goal provides the vision, and the objectives represent what Providence City would like to achieve. The strategies are action items that direct how the overall goal and objectives will be achieved.

OVERALL GOAL FOR THE CHAPTER – THE GUIDING VISION & INTENT

Planning housing opportunities for all people, regardless of income level, while maintain the aesthetic qualities and public service levels Providence residents currently enjoy. Analysis Components & Component Definitions	
OBJECTIVES – WHAT DO WE WANT TO ACHIEVE?	The following objectives represent realistic opportunities for the development of moderate income housing within the next five years throughout the city.
STRATEGIES – HOW DO WE MAKE IT HAPPEN?	The following strategies are taken from UCA 10-9a-403(b)(iii)
IMPLEMENTATION PLAN	The following action-based implementation components will help Providence achieve the overall goal and objectives for Moderate Income Housing.
TIMELINE – SPECIFIC MEASURES AND BENCHMARKS, FLEXIBILITY	The timeline includes specific measures and benchmarks, while providing flexibility for the city to make adjustments as needed.
Analysis	
This analysis includes six objectives the city would like to achieve; and seven of the strategies listed in UCA.10-9a-403(b)(iii)	
OBJECTIVE 1.	Modify existing regulatory measures to encourage the development of affordable housing.
STRATEGY UCA 10-9a-403(2)(b)(iii)(A)	Rezone for densities necessary to facilitate the production of moderate income housing.
IMPLEMENTATION PLAN	<ol style="list-style-type: none">1. Promote a variety of affordable housing options in the City that are compatible with neighborhood character, including rental and ownership opportunities, and a variety of housing types such as multi-family, duplex, and single-family detached units.2. Utilize information in the 2020 general plan, the master plans, and the associated maps when considering changes to residential land to allow greater density for both single-family and multi-family housing.
TIMELINE – SPECIFIC MEASURES AND BENCHMARKS, FLEXIBILITY	<ol style="list-style-type: none">a. Current.<ol style="list-style-type: none">i. The city currently has a variety of zoning districts that range from low densities (1 unit/5 ac) to higher densities that allow up to 18 units/net acre. We also have mixed use districts that allow up to 33 units/net acre.ii. However, during the 2021 election, a referendum vote strongly indicates the majority of Providence City voters are against densities higher than 4 units/net acre, and single-family attached units, and multi-family units.

	<ul style="list-style-type: none"> b. On-going. <ul style="list-style-type: none"> i. The city continues to work with development applicants to develop projects that allow for a variety of lot sizes and housing types. ii. The city encourages developers to involve and inform current residents of their proposed developments and their impact on the neighborhoods. iii. The city will continue to involve residents in the planning process and the ordinance process to create neighborhoods and a community that respects the desires and needs of the current residents, while planning for future resident needs and desires. iv. The city will continue to provide elected officials, appointed officials, and staff with the information and tools necessary to make informed decisions regarding land use and moderate income housing needs. c. Annually. <ul style="list-style-type: none"> i. The city will review training opportunities and attendance for staff and elected and appointed officials. ii. The city will inform the residents of moderate income housing needs. d. 4-6 years. <ul style="list-style-type: none"> i. Comprehensive review of the general plan.
OBJECTIVE 2	Improve pedestrian safety, walkability and accessibility on city streets, rights of way, and easements.
STRATEGY UCA 10-9a-403(2)(b)(iii)(B)	Demonstrate investment in the rehabilitation or expansion of infrastructure that facilitates the construction of moderate income housing.
IMPLEMENTATION PLAN	<ul style="list-style-type: none"> 1. Develop and maintain a city-wide inventory and mapping of existing infrastructure, including but not limited to water, wastewater, stormwater, streets, sidewalks, crosswalks, pathways and trails and their location, condition, gaps, access and inter-connecting points. 2. Establish standards for landscaping to reduce water use, and minimize damage to infrastructure in streets and public rights of way. 3. Prepare and maintain capital improvement plans for expansion and capital maintenance projects.
TIMELINE – SPECIFIC MEASURES AND BENCHMARKS, FLEXIBILITY	<ul style="list-style-type: none"> a. Current. <ul style="list-style-type: none"> i. The city has developed and implemented the following master plans: parks, trails, and recreation plan; culinary water plan; 40-year water plan; wastewater plan, and storm water plans. ii. As part of each plan, existing inventory was documented, improvements proposed, and a capital project list with estimated costs and dates were created. iii. The city has ordinances in place to allow xeriscape and low impact development stormwater designs. We also have ordinances in place minimize water damage to infrastructure in streets and public rights of way. The city also allows low water use landscaping in park strips. iv. The city created interactive mapping of existing facilities. v. In following the capital project list for streets, during 2021, the city rebuilt over 20 blocks of streets in the historic downtown area. vi. In following the capital project list for culinary water, the city invested in a new culinary water tank for expansion purposes.

	<ul style="list-style-type: none"> vii. In following the capital project list for the 40-year water plan, the city worked with a local irrigation company and the State Engineer's Office to classify a significant portion of the city's water shares b. On-going. <ul style="list-style-type: none"> i. Update interactive mapping as needed. ii. Infrastructure and facilities are rehabilitated, expanded, and constructed using the schedule in each master plan and as budget allows. c. Annually. <ul style="list-style-type: none"> i. Review and if needed, adjust the capital project list. ii. Make budget recommendations. d. 4-6 years. <ul style="list-style-type: none"> i. Comprehensive review of each master plan.
OBJECTIVE 3	Support and utilize existing affordable housing resources.
STRATEGY UCA 10-9a-403(2)(b)(iii)(C)	Demonstrate investment in the rehabilitation of existing uninhabitable housing stock into moderate income housing.
IMPLEMENTATION PLAN	<ul style="list-style-type: none"> 1. Support and promote the housing repair and rehabilitation program administered by BRAG and USDAs Rural Development Agency. 2. Support and promote housing repair and rehabilitation of eligible historic homes utilizing Historic Tax Credit Programs.
TIMELINE – SPECIFIC MEASURES AND BENCHMARKS, FLEXIBILITY	<ul style="list-style-type: none"> a. Current. <ul style="list-style-type: none"> i. The city supports programs administered by the Bear River Association of Governments to provide assistance to eligible residents for housing repair and rehabilitation projects. ii. In preparation to utilize the tax credit program offered through the Utah Division of State History, the city has completed intensive level surveys on many of the homes in our downtown area that qualify as a historic home. b. On-going. <ul style="list-style-type: none"> i. Continue to look for programs offered through other agencies for assistance on repair and rehabilitation of existing housing stock for moderate income housing. ii. Provide opportunities for city representatives to receive training to understand the eligibility requirements for the various assistance programs. iii. Inform the public of available programs. c. Annually <ul style="list-style-type: none"> i. Review current housing stock for structures for eligibility for repair and rehabilitation programs. ii. Report on the programs that are being utilized.
OBJECTIVE 4	Adopt new regulatory measures to encourage the development of affordable housing.
STRATEGY	Create or allow for, and reduce regulations related to multifamily residential dwellings compatible in scale and form

UCA 10-9a-403(2)(b)(iii)(W)	with detached single-family residential dwellings and located in walkable communities within residential or mixed-use zones.
IMPLEMENTATION PLAN	<ol style="list-style-type: none"> 1. Promote a variety of affordable housing options in the city that are compatible with neighborhood character, including rental and ownership opportunities, and a variety of housing types such as multi-family, duplex, and single-family detached units. 2. TIMELINE – SPECIFIC MEASURES AND BENCHMARKS, FLEXIBILITY	<ol style="list-style-type: none"> a. Current <ol style="list-style-type: none"> i. The current mixed-use district allows for less parking spaces per unit than our other zoning districts. ii. The mixed-use district and multi-family design standards require parking spaces and maintenance stations for bicycles. iii. The current city code does not require additional parking for ADUs or IADUs. iv. The city currently has a cluster and inner block development ordinance that allows the land use authority to consider modifications and conditions to integrate cluster and inner block developments with the surrounding area. v. The city currently has a PUD ordinance that can be used for projects as small as 2 acres. It also allows for reduced right-of-way widths. b. On-going. <ol style="list-style-type: none"> i. The city continues to work with development applicants to develop projects that allow for a variety of lot sizes and housing types while utilizing cluster, inner block, and PUD ordinances. ii. The city encourages developers to involve and inform current residents of their proposed developments and their impact on the neighborhoods. iii. Review existing code for possible modifications that encourage moderate income housing units. c. Annually. <ol style="list-style-type: none"> i. Review and report on the number of developments that have utilized cluster, inner block, and PUD ordinances to build moderate income housing units.
OBJECTIVE 5	Consider the provision of adaptive re-use (process of taking an existing structure and updating or adapting it for a new use or purpose) and mixed-use projects to stimulate affordable housing and economic development.
STRATEGY UCA 10-9a-403(2)(b)(iii)(E)	Create or allow for, and reduce regulations related to, internal or detached accessory dwelling units in residential zones.
STRATEGY UCA 10-9a-403(2)(b)(iii)(R)	Eliminate impact fees for any accessory dwelling unit that is not an internal accessory dwelling unit as defined in Section 10-9a-530
IMPLEMENTATION PLAN	<ol style="list-style-type: none"> 1. Allow for the development of detached accessory dwelling units (ADUs) in all residential zones. 2. Allow for the development of internal accessory dwelling units (IADUs) in single-family residential zones.
TIMELINE – SPECIFIC MEASURES AND BENCHMARKS, FLEXIBILITY	<ol style="list-style-type: none"> a. Current. <ol style="list-style-type: none"> i. ADUs and IADUs are currently allowed.
